Jesper Öhman jeshma-4@student.ltu.se
Tobias Arvidsson tobarv-4@student.ltu.se

Sprint 1, D0018E Group 34

User Roles:

- Employee (with a column for special sub roles like Manager/Administrator that would unlock more permissions)
- Customer

Scenarios:

- Employee adds a new product
- Employee edits/deletes a product
- Customer logs in on site and buys a product
- Customer submits a contact form

Architecture:

Bootstrap for HTML, PHP/Python for Server and MySQL for DB

Backlog:

TODO 4	In Progress 3	Ready 4

TODO 4

Misc. HTML (Styling/debugging /small-scale design)

`frontend` `HTML` `Sprint 3`

Product Page Design

`frontend` `HTML` `Sprint 3`

Create "Contact Form" functionality

`backend` `PHP` `Sprint 3`

Create login functionality (OAuth?)

`backend` `PHP` `Sprint 3`

In Progress 3

Creating a PHP Server

`backend` `PHP` `Sprint 2`

Connect Server with Webpage

`backend` `PHP` `Sprint 2`

Frontpage Design

`frontend` `HTML` `Sprint 2`

Ready 4

Barebones MySQL Mockup

`backend` `Sprint 1` `SQL`

Draft ER Diagram

`backend` `Sprint 1` `SQL`

Modify Page Style

`frontend` `HTML` `Sprint 1`

Make a basic HTML Mockup

`frontend` `HTML` `Sprint 1`
